## ABSEILING

Getting to the top is one thing, but what about coming down? Add a 1 hour abseiling session to your day, and from a platform above the arena, face your fears, step backwards, and let it all go.

For a truly memorable challenge, tackle our awesome assault course 100 feet above the ground. The ride begins with a rip-roaring zip slide and then follows a series of formidable obstacles designed to get your adrenaline pumping.

## SPA

Take it to the max, then chill and relax! Our spa is a hidden sanctuary of tranquillity complete with jacuzzi, sauna and steam room, where you can take it easy and soak away the hours.
